

Jobfind Jobseeker of the week - Erel Engin

Dear Mr. Kamel

My Name is Erel Engin came to you on the 21/4/2017 asking your assistance in enrolling me with Jobfind, I was looking for you for a while until I knew that you are in Fairfield, due to the excellent reputation that Jobfind has and my belief that you can help me I came to you, I have been on DSP Payment for 12 years and no one helped me to find a job.

You referred me to Eddie a great Man that took care of me, discussed available jobs and called the Employer Issa Tec Australia , set an interview at 11am for me on Monday 24/4/2017 , I did my best in the interview to gain the job as Eddie trained me how to do and pass interviews, by 2 pm Employer hired me and congratulated me and I started working.

I was keen to work more than 8 hours I spoke to Ed to help me out even working 30hrs a week , again Ed supported me and did his magic and got me what I want , Employer was pleased to give me those Hours.

Up to now I still cannot believe if this is true or not, am I dreaming, are these people at Jobfind real, do they exist these days. For 12 years and I have been struggling and suddenly my dream came true.

I am just making short. THANK YOU, you got me back to life, you put a smile on my face.

May God Bless you Jobfind and all the Team
